As always on an indoor match, there will be crowded both on the stages, and in the cafeteria. Please keep your stuff organized, and do not leave it in the cafeteria. We really need the space for competitors and staff having a brake and snacks.

As this match are shot as an multi day event, there will be no award ceremony. President medals will be shipped by mail to competitors who have left before the match ends.

Sponsors and crew:

Without sponsors and crew there would be no match! Please support our sponsors that helps us make a great event. The sponsors have provided some prizes who will be given out in a raffle after the match are finished on sunday. Only persons present at the range can participate in the raffle. Half of the prizes are for RO's and crew only, as they are the major element making this match happen.

The range:

Our range are located in an underground bomb shelter, and are surrounded by rock. Our cafeteria and toilets are heated, but the rest of the facility are cold. (around 12 degrees celsius). The floor on the ranges are asphalt, and the walls are covered by light grey tunnel sealing.

All paper targets are tan, and NO-shoots are white. Steel targets are painted yellow.

Due to confined space inside the stages, only shooter, and shooter on deck are allowed to be inside together with the crew while shooting.

The crew:

More than 70 persons are working on this match to give you the best experience possible. In addition to the RO's and crew on the stages, there are a strong support crew working behind the scenes to build props, design stages,repairing gear, cleaning, making food and even being on guard if you need medical support.

As the match director, I ask you to acknowledge the whole crew, and give them a warm thanks when you see them. And maybe you'll se them in the next Bergen Open as well:-)
